Smart™ Prep 900 Phosphate Free Industrial Cleaner Degreaser

A powerful professional strength purple cleaner and grease cutter that may be used in all commercial, institutional and industrial cleaning projects. Smart™ 900 is biodegradable and phosphate free and effectively cleans grease and dirt on contact. Use most anywhere grease or dirt is a problem. Excellent for all machinery, equipment, floors, engine parts, marine bilges, shop and garage floors, farm equipment, restaurants, institutions and more.

Cuts Grease, Dirt and Fatty Oils On Contact - Phosphate Free - Biodegradable

General Cleaning and Degreasing:

An extremely versatile cleaner and grease cutter, Smart™ 900 Phosphate Free Industrial Cleaner can be used for a variety of cleaning and maintenance projects. Smart™ 900 will attack and break up the fatty oils on contact. This makes Smart™ 900 the perfect product for cleaning restaurant floors, food storage areas, loading docks, warehouse floors, equipment and any other area where foods, fatty oils and grime can accumulate.

Obtain and read technical data and safety data sheets before use.

APPLICATION & DIRECTIONS FOR USE:

May be used full strength or diluted for moderate grease and lighter soiled areas. Dilute product with water as directed below. Let stand 2-3 minutes, scrubbing when necessary, and then rinse with water. Repeat as necessary.

Cleaning	Smart #900	Water
Heavy Grease	As Is	None
Oils and Greasy Spills	1 Part	2 Parts
Moderate Dirt and Grime	1 Part	3 Parts
Light Soil	1 Part	5 Parts

For Marine, Automotive and Industrial Use:

Smart™ 900 is engineered for high performance and professional cleaning of all equipment, metal frames and structural steel, engines, chassis, boat bilge areas and engine compartments. Smart™ 900 is the perfect oil & grease emulsifier for use in cleaning and degreasing all concrete, metal and other hard surfaces before application of paint or other high performance coatings.

Rinse all areas thoroughly and let dry before proceeding with any paint application.

Avoid prolonged contact with painted surfaces.

Not for use on aluminum. Do not use on leather. Avoid any contact with exterior car surfaces or wheels.

Use only with adequate ventilation. Avoid prolonged contact with skin. Do not mix with other chemicals or cleaners. This is a strong professional strength degreasing solution and is not intended for general purpose cleaning, skin contact or delicate surfaces.

Danger: Contains Sodium Hydroxide and 2 Butoxyethanol

Avoid contact with eyes and mucous membranes or prolonged contact with skin. Harmful if swallowed.

FIRST AID:

Skin - Flood with water, then wash with diluted vinegar or lemon juice. Rinse again with water.

Eyes - Rinse cautiously with water for 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Seek immediate medical attention/advice.

Ingestion - Dilute with milk or water. Induce vomiting, but only if victim is fully conscious. Never give anything by mouth to an unconscious person. Call a physician or poison control center immediately.

Inhalation - Remove exposed individual to fresh air for 20 minutes. Artificial respiration and/or oxygen may be necessary. Seek immediate medical attention/advice.

Keep out of the reach of children.

Wear rubber gloves and eye protection.

Test in an inconspicuous area if unsure of surface being cleaned. Use of product on some painted surfaces may cause damage or streaking. May darken or streak aluminum, stainless steel and brass. Use with caution.

Storage & Disposal: Store in a clean dry place. Protect from freezing. Dispose of all containers in accordance with state and local regulations. Do not reuse containers.
